

Dear Representatives Smucker and Moore,

Thank you for introducing H.R. 2347, the Survivor Justice Tax Prevention Act. Futures Without Violence is pleased to endorse your legislation and appreciates you're ongoing commitment to helping survivors of sexual assault.

Unfortunately, sexual assault remains a serious and growing problem, particularly as online abuse and exploitation continues to rapidly expand. Many survivors of childhood sexual abuse or online sexual abuse and exploitation are not able to show the visible injuries that are required to avoid tax penalties they may face if they receive damages as a result of the violence and harm they faced. Your legislation to create fairness in our tax code and in so doing offer additional resources to survivors to cover their losses and support their healing and justice will be greatly appreciated.

Thank you again and we look forward to working with you to pass this legislation.

If I can be of further support, please do not hesitate to reach out at [kstewart@futureswithoutviolence.org](mailto:kstewart@futureswithoutviolence.org).

Sincerely,

Kiersten Stewart
