Congress of the United States
House of Representatives
April 16, 2021

The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Appropriations Committee
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1 million in community project funding in fiscal year 2022 for the Milwaukee Metropolitan Sewerage District (MMSD) Fresh Coast Works Project.

The Milwaukee Metropolitan Sewerage District (MMSD) is a regional government agency that provides water reclamation and flood management services for about 1.1 million people in 28 communities in the Greater Milwaukee Area. The entity to receive funding for this project is the Milwaukee Metropolitan Sewerage District which is located at 260 W. Seeboth Street, Milwaukee, WI 53204.

The requested funds will be used to pay for training and on-the-job training wages to help fifty-six (56) local disadvantaged workers gain work experience and make them more employable in the future. The training and work experience will be in the water industry, which is a stable industry with future job openings.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Gwen Moore

Member of Congress
